General Dessert #3: VEs, Exams, and Control-Operator Rules

Volunteer Examiner accreditation and exam administration; CSCEs and license credit; repeaters, third-party rules, ITU regions, and automatic-control digital stations.

Groups G1D + G1E · 23 pool questions · Self-study reference · Practice exams at eham.net/exams

Key Facts Reference

Volunteer Examiners (VEs)

Question	Answer	Q
What a General-class VE may administer	**Technician only.**	G1D02
How many VEs must observe a Technician exam	**At least three VEs of General class or higher.**	G1D04
Who accredits VEs	**A Volunteer Examiner Coordinator (VEC).**	G1D07
Non-US citizen VE requirement	**Must hold an FCC-granted amateur license of General class or above.**	G1D08
Minimum VE age	**18 years.**	G1D10

CSCE, Element Credit, and Expired Licenses

Question	Answer	Q
Who gets partial credit for an expired license	**Anyone who can show they once held an FCC General, Advanced, or Extra license not revoked by the FCC.**	G1D01
Tech with unexpired General CSCE may operate where	**On any General or Technician band segment.**	G1D03
How a Tech with CSCE identifies on General frequencies	**With “AG” after their call sign, until the upgrade appears in the FCC database.**	G1D06
How long a CSCE is valid for element credit	**365 days.**	G1D09
Action needed after expired license + 2-yr grace	**Show proof of expired license grant and pass current Element 2 exam.**	G1D11

Remote Control of Stations

Question	Answer	Q
License for remote-controlling a US station from outside the US	**A US operator/primary station license.**	G1D05
Regulations when remote-controlling a South American station from the US	**Only those of the remote station’s country.**	G1D12

Repeaters, Third-Party, Auto-Control, ITU, Beacons

Question	Answer	Q
Disqualifies a third party from sending a message	**License revoked and not reinstated.**	G1E01
10 m repeater retransmitting a Tech’s 2 m signal	**Only if the 10 m control op holds at least General.**	G1E02
Contacting an auto-control digital station outside auto-control segments	**Initiating station must be under local or remote control.**	G1E03
Restrictions on third-party messages (Third-Party Agreement countries)	**Amateur radio, personal remarks, or emergency/disaster relief.**	G1E05
Third-party messages via remote control	**Under any circumstances where third-party messages are permitted.**	G1E12
When operators must avoid harmful interference	**Near FCC Monitoring Station; on secondary bands; with spread spectrum.**	G1E04
ITU region for North and South America	**Region 2.**	G1E06
2.4 GHz communication with non-licensed Wi-Fi	**No part of the band.**	G1E07
Max PEP for spread spectrum	**10 watts.**	G1E08
Why avoid 14.100, 18.110, 21.150, 24.930, 28.200 MHz	**Propagation beacon stations operate there.**	G1E10
Where auto-control RTTY/data may talk to each other	**6 m or shorter, plus limited HF segments.**	G1E11

Dessert 3 Question Bank (G1D + G1E)

G1D01. Who may receive partial credit for the elements represented by an expired amateur radio license?
A. Any person who can demonstrate that they once held an FCC-issued General, Advanced, or Amateur Extra class license that was not revoked by the FCC
B. Anyone who held an FCC-issued amateur radio license that expired not less than 5 and not more than 15 years ago
C. Any person who previously held an amateur license issued by another country, but only if that country has a current reciprocal licensing agreement with the FCC
D. Only persons who once held an FCC issued Novice, Technician, or Technician Plus license

---

G1D02. What license examinations may you administer as an accredited Volunteer Examiner holding a General class operator license?
A. General and Technician
B. None, only Amateur Extra class licensees may be accredited
C. Technician only
D. Amateur Extra, General, and Technician

G1D03. On which of the following band segments may you operate if you are a Technician class operator and have an unexpired Certificate of Successful Completion of Examination (CSCE) for General class privileges?
A. Only the Technician band segments until your upgrade is posted in the FCC database
B. Only on the Technician band segments until you have a receipt for the FCC application fee payment
C. On any General or Technician class band segment
D. On any General or Technician class band segment except 30 meters and 60 meters

---

G1D04. Who must observe the administration of a Technician class license examination?
A. At least three Volunteer Examiners of General class or higher
B. At least two Volunteer Examiners of General class or higher
C. At least two Volunteer Examiners of Technician class or higher
D. At least three Volunteer Examiners of Technician class

G1D05. When operating a US station by remote control from outside the country, what license is required of the control operator?
A. A US operator/primary station license
B. Only an appropriate US operator/primary license and a special remote station permit from the FCC
C. Only a license from the foreign country, as long as the call sign includes identification of portable operation in the US
D. A license from the foreign country and a special remote station permit from the FCC

G1D06. Until an upgrade to General class is shown in the FCC database, when must a Technician licensee identify with “AG” after their call sign?
A. Whenever they operate using General class frequency privileges
B. Whenever they operate on any amateur frequency
C. Whenever they operate using Technician frequency privileges
D. A special identifier is not required if their General class license application has been filed with the FCC

G1D07. Volunteer Examiners are accredited by what organization?
A. The Federal Communications Commission
B. The Universal Licensing System
C. A Volunteer Examiner Coordinator
D. The Wireless Telecommunications Bureau

G1D08. Which of the following criteria must be met for a non-US citizen to be an accredited Volunteer Examiner?
A. The person must be a resident of the US for a minimum of 5 years
B. The person must hold an FCC granted amateur radio license of General class or above
C. The person’s home citizenship must be in ITU region 2
D. None of these choices is correct; a non-US citizen cannot be a Volunteer Examiner

---

G1D09. How long is a Certificate of Successful Completion of Examination (CSCE) valid for exam element credit?
A. 30 days
B. 180 days
C. 365 days
D. For as long as your current license is valid

G1D10. What is the minimum age that one must be to qualify as an accredited Volunteer Examiner?
A. 16 years
B. 18 years
C. 21 years
D. There is no age limit

G1D11. What action is required to obtain a new General class license after a previously held license has expired and the two-year grace period has passed?
A. They must have a letter from the FCC showing they once held an amateur or commercial license
B. There are no requirements other than being able to show a copy of the expired license
C. Contact the FCC to have the license reinstated
D. The applicant must show proof of the appropriate expired license grant and pass the current Element 2 exam

---

G1D12. When operating a station in South America by remote control over the internet from the US, what regulations apply?
A. Those of both the remote station’s country and the FCC
B. Those of the remote station’s country and the FCC’s third-party regulations
C. Only those of the remote station’s country
D. Only those of the FCC

G1E01. Which of the following would disqualify a third party from participating in sending a message via an amateur station?
A. The third party’s amateur license has been revoked and not reinstated
B. The third party is not a US citizen
C. The third party is speaking in a language other than English
D. All these choices are correct

G1E02. When may a 10-meter repeater retransmit the 2-meter signal from a station that has a Technician class control operator?
A. Under no circumstances
B. Only if the station on 10-meters is operating under a Special Temporary Authorization allowing such retransmission
C. Only during an FCC-declared general state of communications emergency
D. Only if the 10-meter repeater control operator holds at least a General class license

---

G1E03. What is required to conduct communications with a digital station operating under automatic control outside the automatic control band segments?
A. The station initiating the contact must be under local or remote control
B. The interrogating transmission must be made by another automatically controlled station
C. No third-party traffic may be transmitted
D. The control operator of the interrogating station must hold an Amateur Extra class license

---

G1E04. Which of the following conditions require a licensed amateur radio operator to take specific steps to avoid harmful interference to other users or facilities?
A. When operating within one mile of an FCC Monitoring Station
B. When using a band where the Amateur Service is secondary
C. When a station is transmitting spread spectrum emissions
D. All these choices are correct

G1E05. What are the restrictions on messages sent to a third party in a country with which there is a Third-Party Agreement?
A. They must relate to emergencies or disaster relief
B. They must be for other licensed amateurs
C. They must relate to amateur radio, or remarks of a personal character, or messages relating to emergencies or disaster relief
D. The message must be limited to no longer than 1 minute in duration and the name of the third party must be recorded in the station log

---

G1E06. The frequency allocations of which ITU region apply to radio amateurs operating in North and South America?
A. Region 4
B. Region 3
C. Region 2
D. Region 1

G1E07. In what part of the 2.4 GHz band may an amateur station communicate with non-licensed Wi-Fi stations?
A. Anywhere in the band
B. Channels 1 through 4
C. Channels 42 through 45
D. No part

G1E08. What is the maximum PEP output allowed for spread spectrum transmissions?
A. 100 milliwatts
B. 10 watts
C. 100 watts
D. 1500 watts

G1E10. Why should an amateur operator normally avoid transmitting on 14.100, 18.110, 21.150, 24.930 and 28.200 MHz?
A. A system of propagation beacon stations operates on those frequencies
B. A system of automatic digital stations operates on those frequencies
C. These frequencies are set aside for emergency operations
D. These frequencies are set aside for bulletins from the FCC

G1E11. On what bands may automatically controlled stations transmitting RTTY or data emissions communicate with other automatically controlled digital stations?
A. On any band segment where digital operation is permitted
B. Anywhere in the non-phone segments of the 10-meter or shorter wavelength bands
C. Only in the non-phone Extra Class segments of the bands
D. Anywhere in the 6-meter or shorter wavelength bands, and in limited segments of some of the HF bands

---

G1E12. When may third-party messages be transmitted via remote control?
A. Under any circumstances in which third party messages are permitted by FCC rules
B. Under no circumstances except for emergencies
C. Only when the message is intended for licensed radio amateurs
D. Only when the message is intended for third parties in areas where licensing is controlled by the FCC

Answer Key

G1D01: A	G1D02: C	G1D03: C	G1D04: A	G1D05: A
